

Committee highlights – December 2017

Fundraising and events: £144 raised in the past month, well done fundraising committee! Fee for extra sessions applies from 1st January 2018. Session organiser will have the responsibility for collecting.

Events: Man overboard training well received but attendance was disappointing. Will attempt to run something similar at a later date and we recommend all members make the effort to attend and take part in the exercises. Quiz and Christmas Day swim still to look forward to! In the New Year we will be holding an open day (27th January) which we will need experienced rowers to help run.

Member feedback: Issues raised were discussed and members have been contacted directly or if anonymous responses posted on the website.

Health and safety and coxswains: Gig modification following man overboard incident to be completed soon. Once this is done, coxes training restriction will be lifted and more current coxes will be able take out trainees.

Races: Provisional Scilly crews to be publicised in the New Year. The epic Three Rivers Race in Saltash will take place on Good Friday (30th March). More details nearer the time.

Exmouth Gig Club Regatta, 9th June 2018: We will soon be putting out a call to all members asking what jobs you would be happy to do on the day and if you have access to any equipment / facilities that we could make use of. Please respond as soon as you can when the call goes out.
